## Timeless and stylish

The new type of wall and floor tile NEO Vario is available in four different formats and a large selection of high-quality decors.

30x60 cm

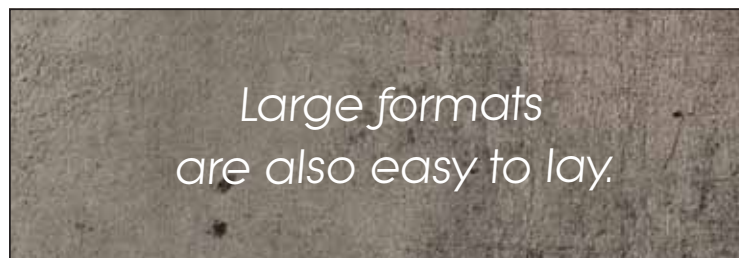

40x80 cm

Large formats  
are also easy to lay.

40x120 cm

20x130 cm

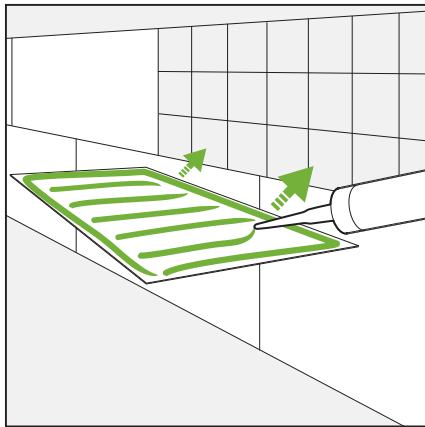

It's so easy!

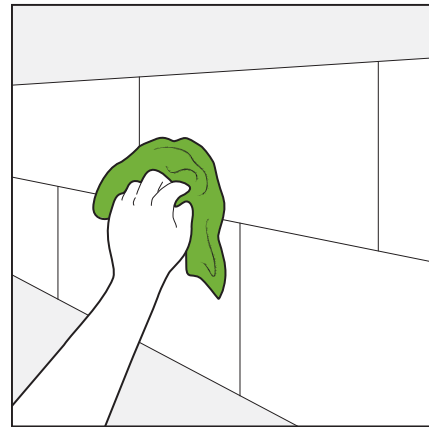

1.

Clean substrate and pretreat properly. Existing tiles do not have to be removed, simply paste over them.

2.

Apply adhesive according to instructions, lay NEO Vario. Simply cut to size using a cutter knife or laminate cutter.

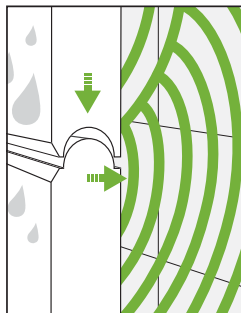

3.

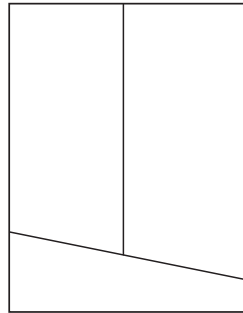

Clean – ready.  
No filling of joints, no further treatment necessary.

Lay and it's done...

...joint filling unnecessary!

Water-repelling profile system

Elegant micro-joint

Take a look.
